

Project Sheet **Middleton's**

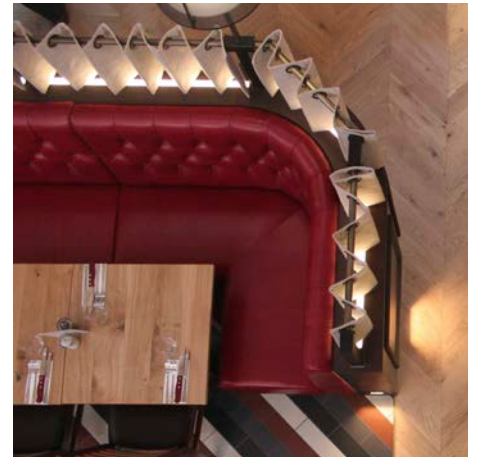

Location **Milton Keynes**

Timing **12 weeks**

ecsec are proud to be build partners of Middleton's Steakhouse & Grill, having recently worked on their latest restaurant housed in a Grade 2 listed building in St Martins Leicester.

The site had been empty for 16 years, some of the challenges included repairing the existing rare Brazilian mahogany wood panelling, existing leaded light windows, forming a new mezzanine level and fitting a £15,000 feature chandelier in the ceiling dome 18m above the floor.

The project took 12 weeks to complete and is the biggest site the Middleton's chain has undertaken to date.

At ecsec we pride ourselves on delivering projects to the highest quality within budget and on time. To find out more please get in touch.
